Sub.: Suspension of Trading Account due to Inactive / Invalid Demat or Bank Account

Dear Sir / Madam,

With reference to above we would like to inform you that, despite of many reminders we have found that, there are many bank (Invalid Bank Account number / short bank account number / invalid MICR / invalid IFSC) or demat accounts mapped with active trading account which are either inactive or invalid.

Due to invalid / inactive bank or demat account we are not able to do funds or securities to respective client as per SEBI guidelines.

Please note that we will suspend trading account of clients whose demat / bank account is not active or invalid. Further note that, as directed by SEBI where we are not able to remit funds to client's bank account we will transfer the same to a separate account and shall be kept a side.

Please take note of above and comply.

Thanking you

For VSE Stock Services Ltd.
